## I. SPECIAL NOTICES

### DATES OF LATEST EDITIONS

The Dates of Latest Editions, Nautical Charts and Miscellaneous Maps, dated April 1, 2000, published by the National Ocean Service, is available for issue. It may be obtained free from the Distribution Division, N/ACC3, National Ocean Service, 6501 Lafayette Avenue, Riverdale, MD, 20737-1199. This is a quarterly publication listing the most recent editions of nautical charts, miscellaneous maps and publications relating to navigation, weather, etc. with brief descriptions and up-to-date prices for most of the publications listed.

### CHART NO. 1

The National Ocean Service (NOS) is faced with increasing production costs in the publication and distribution of its nautical products. In order to provide critical information to the mariner, NOS must prioritize publication of these products. As part of this prioritization, Chart No. 1, United States of America, Nautical Chart Symbols and Abbreviations, will no longer be published in a hard copy form. To ensure that the information in Chart No. 1 is available to the maritime community, a digital copy can be accessed through the Office of Coast Survey home page at <http://chartmaker.ncd.noaa.gov/> where it can be viewed and downloaded. An abridged version of Chart No 1 will also be incorporated in future editions of the U.S. Coast Pilot. Another alternative is the abridged version of Chart No. 1 that has been available for many years on the back of National Ocean Service training chart 1210Tr. NOS believes these options will serve users by continuing to provide the information in Chart No. 1. Comments should be addressed to:

Director N/CS5  
National Ocean Service, NOAA

Silver Spring, MD 20910-3282
